What if you need to change outside that time period?

If you have a major life event (got married or divorced, added to your family, lost your group coverage, and so forth), you may qualify for Special Enrollment. Visit [bcbsmt.com/sep](https://www.bcbsmt.com/sep) to learn more.

Health Plans to Fit Every Budget

We have three levels of health care plans available — bronze, silver and gold. Each plan has different benefits and costs, so be sure to choose the one that fits your needs best. All plans include the same essential health benefits.

Online resources: You can search the drug list, find a pharmacy, see your claims, order home delivery, and get an estimate of your costs for a medication 24/7 by logging in to Blue Access for MembersSM (BAMSM) at bcbsmt.com/member.

Is a Health Savings Account (HSA) Right for You?⁷

An HSA is a special savings account that you may use to cover a wide range of qualified medical expenses. An HSA helps you take charge of your health and be responsible for how you spend your health care dollars. For many people, using an HSA is an effective way to help manage the costs of health care.

Not all plans are HSA compatible. Visit [bcbsmt.com](https://www.bcbsmt.com) or speak with a BCBSMT agent to learn more.

Notice: If you get cost-sharing reductions under your health plan that have the effect of reducing the deductible below the federal government's minimum required deductible for HSA-qualified health plans, you may not be eligible to contribute to a Health Savings Account.

⁷ As a reminder, a Health Savings Account (HSA) has tax and legal ramifications. Blue Cross and Blue Shield of Montana does not provide legal or tax advice and nothing herein should be construed as legal or tax advice. These materials, and any tax-related statements in them, are not intended or written to be used, and cannot be used or relied on for the purpose of avoiding tax penalties. Tax-related statements, if any, may have been written in connection with the promotion or marketing of the transaction(s) or matter(s) addressed by these materials. You should seek advice based on your particular circumstances from an independent tax adviser regarding the tax consequences of specific health insurance plans or products.
