

Zero-Dollar Emergency-Use Medications

Life-Saving Medications Covered at \$0 to You

Effective Jan. 1, 2025, or upon plan renewal

Blue Cross and Blue Shield of Montana offers members select, acute medications with a \$0 cost share for emergency use or life-saving situations. By removing cost barriers to these medications, you can immediately access treatments during urgent, medical events.

If you have pharmacy benefits through Prime Therapeutics LLC, you can use this benefit at any in-network pharmacy, including both value and non-value pharmacies for those plans on the Montana Value Network.*

To find an in-network pharmacy, log into Blue Access for MembersSM at bcbsmt.com or visit myprime.com. You can also access the BCBSMT App from your mobile device.
